## 15 To Go For Council In Incorporation Try

Fifteen names will appear on the ballot Oct. 13 when residents vote on whether or not to make Lemon Grove the 14th city in San Diego county.

If the election is successful, the City of Lemon Grove will have 3 1/2 square miles, a population of 21,750, and would be larger than five other county cities and the same size as two others.

Following a successful election, incorporation papers would be sent to Sacramento and the City of Lemon Grove would be formed officially in about three weeks from the election.

If the measure fails, the community reverts to its present shape and size with the County Board of Supervisors as the governing agents, as it is now.

Frank Armstrong, proponent of the 7-month long campaign to bring about an election, is on the ballot. He previously had said that he would not be a candidate but took out papers the day before the deadline.

Armstrong is an attorney.

Other candidates are:

C. Forrest Baxter, president of the L. G. Chamber of Commerce;

Robert Vaught, a camera shop owner;

Jesse E. Lee, a travel agency operator.

The above three have been candidates one of the two other times cityhood has been tried. Elections were held in 1955 and 1958.

Other candidates whose names will appear on the ballot are:

Kenneth Conrad, a mortician;

Mrs. Blanche Davis, a retired teacher;

Clifford Elkins, a tool scheduler;

Dr. Frank Gigliotti, a minister;

Charles Hesser, a retired realtor;

Marion Morgan, federal Civil Service;

Kenneth P. Ostrander, a retired Naval officer;

William Owens, an insurance man;

Paul Reynold, business manager of the L.G. Elementary School District;

William Ross, a retired civil service employee, and

Parker Shumate, a PacTel employee and L.G. Fire District commissioner.

Voters will select five of the candidates of those listed. The councilmen will gather and elect one of their number the mayor. On the same ballot is the question of cityhood. If the issue fails, there will again be five councilmen without a city to govern as there were in 1955 and 1958.

Photos, biographical material and information about all the candidates is being gathered. It will be published in an early issue of this newspaper.

## Registration Set For Sept. 3 and 4 At High Schools

Most of the 15,000 students of the Grossmont Union High School District are registered and programed for classes which will begin Sept. 14.

Students not registered should call at the counseling office on Sept. 3 or 4, school officials said.

At Monte Vista High School, 3230 Sweetwater blvd., Spring Valley, the hours of registration are from 9 a.m. to noon and 1 to 3 p.m.

At Mt. Miguel High School, 1800 Sweetwater rd., Spring Valley, registration is from 8 a.m. to noon and 1 to 3 p.m.

On Friday, Sept. 11, freshmen in the high schools will attend classes for half a day to become acquainted with the schools and class schedules. Freshmen teachers and counselors will be on duty to welcome the new students.

The schedule at Monte Vista High School Sept. 11 begins at 7:45 a.m. and lasts until 11.

At Mt. Miguel High School the hours will be from 8:30 a.m. until noon.

## RESIDENTS START TREE PLANTING PROJECT IN M.H.

Thirty eucalyptus trees have been planted on the school property canyon south of Canton dr. and north of the Monterey Heights School.

The trees were purchased and planted by three residents of the Canyon dr. area.

Contributors were: Terry Williams, a meat wholesaler; Mitch Gegax, a teacher, and Harold Eddy, a S.D. Zoo employee.

Thirty more trees have been promised by the Lemon Grove Kiwanis club, Gegax said.

He also said that a canyon cleaning project would be a splendid one for some local service club.

## Loudest To Lose The Freeway

Nothing, except the time the Sheriff's men swooped down on a dance at the S.V. Chamber of Commerce last month, has stirred up local folks so much as the State Division of Highways alternate proposals on State Legislative Route 125.

In the affair of the dance, many were stirred — and some of them arrested — when they participated in a brawl. In the freeway affair, the excitement stems from the desire to have the freeways built someplace else — and it, too, is developing into a pretty good brawl.

What the freeway people plan to do is put 4 1/2 miles of road costing \$26 million from Jamacha blvd. to Grossmont Summit and they are asking local people to help them decide which of two routes it should follow. One route follows Bancroft on the east. The other follows Sweetwater rd. on the west. Jake Dekema, district engineer for the State Division of Highways, who enjoys a thoroughly honest reputation, has said that the length of the two routes are the same and the "difference in cost is negligible". He then tossed the potato to the residents who will be affected.

Immediately, an uproar could be heard all the way to Sacramento where the decision will finally be made. The folk from the Bancroft area had done some pre-season training because they came in bolstered by the support of the La Mesa-Spring Valley school district. They made more noise than the people from Sweetwater. From that area came more people, with more feeling, and with more names on petitions and they peppered the State Division of Highways people with their determination.

It is our opinion that the Bancroft people are ahead. In the beginning, Jake Dekema told a group that the thing (route) is so equal the Highway people would abide by the wishes of the residents. "We'd rather put it where people want it than where they don't," he said. It was his way of pointing up the infinitesimal difference.

The Bancroft people are not only more vocal but they seem to have motoring logic on their side. Northbound traffic would avert doubling back if its destination were west and freeways are for saving time and distance.

Whichever route is approved, a considerable amount of property will have to be purchased by the State. Some owners will become the unsung heroes of freeway progress because they will get nowhere near the amount they consider to be the value of their property. Others will be surprised by the apparent generosity of the State. No matter what these people believe, State investigators will have meticulously studied past performance charts of real estate sales in the area and will be ready to document their offer. They will show that their offer is in line with similar sales on the open market of like pieces of property in the immediate past.

And when the State appraisers come here to negotiate, it is a better than even bet that they'll be negotiating with the property owners along Sweetwater.

## Driver Impersonated Officer, Youth Says

A suspect is being questioned in Spring Valley on a charge of impersonating an officer.

James Gary Klasch, 21, a carpenter, of 9109 Olive st., Spring Valley, said that he stopped his car when the auto behind him blinked its lights several times on Bancroft st.

When he stopped the suspect flashed an ID card, claimed to be a police officer and pushed Klasch around. He also declared Klasch under arrest.

Having committed no infraction of the law, Klasch tried to get the man to explain what it was about. The "officer" then got into his car and drove away.

The license number of the suspect's car was turned in to the Sheriff's Office and they came up with the name of the suspect who is presently being questioned.

Leases TV, Loses Same

A \$410 television set, leased to a Spring Valley man, is missing — and the man is too.

Le Mac TV, 6219 Imperial ave., reported to Sheriff's deputies at Lemon Grove that the TV set, a 27" Olympic, was leased to a Merle T. Giltner, 26, who is believed to have moved to Texas from the house at 8852 Jamacha rd., Spring

Valley, where the set was installed.

Hubcaps Lost

Jessie Marie Canela, 29, of 1321 Wallbolen, Spring Valley, parked her car at Imperial and Broadway Monday. When she came back the hubcaps, worth \$30, were gone.

Youth's Bike Taken

The bike of John David Miner, 16, of 10104 Casa de Oro blvd., was stolen from his home Wednesday. It was a metallic blue, 10 speed bike worth \$40. He gave the police the serial number.

Charges Man Had Billy Club Sheriff's Deputies D. Lindberg and G. Ringwald arrested John Richard Robinson, a 19-year-old part-time mason for possession of a billy club.

The officers reported that the car driven by Robinson of 4080 Kenwood dr., Spring Valley, was observed being driven from extremely-slow-to-stop at Imperial on Broadway.

The officers stopped the car at Broadway and Sweetwater where they found two table legs stashed under the seats. Robinson said that he had had trouble with some Mexicans and the legs were for protection. He was transported to County Jail.

Lumber Stolen

Sixteen pieces of lumber valued at \$75 were stolen from a house at 705 Osage st., Spring Valley. The loss was reported by Paul D. Galbreath who lives at 2925 Central ave., Spring Valley.

White Car Painted Red

Norma Jones, a Lemon Grove housewife of 8172 Mt. Vernon st., Lemon Grove, found her white auto sprayed with red paint while it was parked as she was visiting her sister Wednesday at 4021 Violet st., La Mesa.

Church Group Is Victim

## 11 Local Physicians Form Goldwater Group

Eleven area physicians assembled at the Lemon Grove Goldwater for President headquarters to organize a local "Doctors for Goldwater" group earlier this month. This represents the first such local assemblage of professional people in what is expected to become a country-wide movement.

The purpose of the organization is to unite the efforts of physicians toward the election of Barry Goldwater and the Republican ticket in November.

Those attending were doctors George Brassington, Sam W. Smith, James G. Osborne, Wil-

liam F. Baker, James S. Ketcham, Simon C. Brumbaugh, Jr., Myron D. Fessler, Arne Knutson, Robert F. Punta, Edwin C. Grubbs and Roy M. Ledford.

Doctors Grubbs, Punta and Baker were named co-chairmen of the organization locally. Doctor Ledford is the county-wide chairman of "Doctors for Goldwater".

The next meeting of the organization will be Wednesday evening, September 2, at 8 p.m., at the local Goldwater headquarters. All interested physicians are urged to attend.

## L.G. Swim Expert On L.A. Tv Show

Mrs. Vini Sozzani, 3115 Chateau Way, Lemon Grove, will appear on the Steve Allen show September 1 via channel 5 at 11:15 p.m.

Mrs. Sozzani, a swim and water safety instructor for Copely YMCA, was invited to tape her part of the show, which, incidentally was done with Phyllis Diller, at the Steve Allen Playhouse in Hollywood last week.

Allen, who is on vacation, had asked San Diego's Channel 10 Regis Philbin to substitute for him. Philbin, who has had Mrs. Sozzani on his San Diego program several times, extended the invitation to her. She has been active here for several years in the Red Cross Backyard Swim program. She was county chairman of the program in 1960-61.

In the Channel 5 show, Mrs. Sozzani is asked by Philbin to show Miss Diller the art of judo defense. He told Miss Diller that Mrs. Sozzani was a judo "expert". Mrs. Sozzani is an expert but she showed her "how to throw a mugger".

## Asks Commercial Zoning For Land On Sweetwater

SAN DIEGO (CNS) — The County Planning Commission has the request for rezoning of four locations here from R-2-A (duplex) to commercial on its Friday agenda.

The requests are from E. W. Eberhardt on the west side of Sweetwater rd., for a total of 35,000 square feet.

The parcels, all with a depth of 100 feet, are near Spring street north of Avondale.

Another planning matter Friday is the request of the California Conference of the Evangelical Covenant Church of America for a special use permit for additions to the existing church. The church wants to add a 50-foot high cross, a church sanctuary, a Sunday school and recreational facilities.

The location is at the northwest corner of Akard street and Kempton street in La Presa.

QUEEN FOR A DAY — Mrs. Carolyn Seguin, daughter of Mr. and Mrs. Harold Randall, Jr. of Lemon Grove was recently selected Queen For A Day and was crowned by MC Jack Smith. Her wish was for a walker for her two-year-old daughter, Daniella, and for an air conditioner for her home. "Queen" Carolyn won a new wardrobe, a set of china, a dinette set, jewelry, a washer, a sewing machine and other household appliances and furniture and the services of a housekeeper once a week for six months.

## Frank R. Wilson Dies Here At 73

Funeral services for Frank R. (Smoke) Wilson, 73, of 9276 Lamoar st., Spring Valley, were held Wednesday at Conrad Lemon Grove Mortuary. The Rev. Charles Richmond, pastor of St. Andrews Episcopal Church in La Mesa, officiated. Firemen of the Spring Valley Fire Department acted as pallbearers. A committal service was held at Rosecrans National Cemetery. Smoke Wilson died in Grossmont Hospital on Sunday following a long illness.

A native of Pennsylvania, Wilson had lived in this area about 22 years. He was a retired North Island machinist and had been at lieutenant commander in the Navy in World War I. He was a member of the Disabled American Veterans of World War I, Foothills Baracks 1774 and a Brooklyn, N.Y., chapter F. and A.M. But his later life was wrapped around the Spring Valley Fire Department. He was a charter member of the S.V.F.D., signing up in 1949. He served as a volunteer fireman until 1961 when the department disbanded the volunteers. At that time Smoke Wilson was made honorary captain. The newest station at Gillespie st. was dedicated in his name on July 2, 1961, and his name is inscribed on a plaque on the front of the building.

Survivors of Frank Wilson are a daughter, Mrs. Pauline Rand of San Diego; a sister, with whom he lived, Mrs. Blanche Nissley; and seven grandchildren.

## Marston Pleads For Rumford Act

Hamilton Marston, member of the San Diego family of department store operators, told the Lemon Grove Men's Club Friday that voters ought to turn down Proposition 14, the initiative on the Rumford Act.

"We don't want to freeze controls on our lawmakers because we are in changing times. The philosophical concept of our liberty has changed, too," he said.

"The Rumford Act is somewhat similar to the Fair Employment Practices law. I was against that when it was first presented because it seemed at the time such a bold step. Not only did it work out all right, it benefited those of us who employed people. The Rumford Act will work out all right, too," he said.

The Rumford Act, Marston pointed out, provides administrative machinery for negotiating grievances. Hearings conducted by the administrators are secret, he admitted. "Yet, the Rumford Act stems from the Constitution through which all American freedoms are made possible," he said.

The program this week will be provided by Al Jacoby, Sunday Editor of the San Diego Union. Under Jacoby, the five large sections which are included each Sunday in the newspaper, are edited and produced. Jacoby said he may talk on "The Essential Ingredients of a Good Newspaper" but more than likely he will discuss the several nudist camps he visited as a reporter.

The Men's Club meets every Friday at noon at Michael's. It is open to the male public.

## San Altos Lights To Blink For Xmas

The San Altos Lighting District, approved by the County Board of Supervisors, will be formed Oct. 20, Supervisor David Bird said this week.

The formation was set for that date to allow the newly elected council of the City of Lemon Grove to have a voice in it — provided the election is successful.

The electric company will start installation of the lighting units in November and lights will be on in San Altos for Christmas, Bird declared.

ARKANSAS TRAVELER (SPECIAL) — Lt. Cmdr. Charles E. Brown (U.S. Navy ret.), right, recently was awarded Arkansas' highest honor when he was presented an Arkansas Traveler certificate by Secretary of State Kelly Bryant in a brief ceremony in Arkansas' state capitol building.

Another stop on their trip was at Little Rock, Ark., where they were guests of long-time friends, Mr. and Mrs. Ken Elliott, now

part owner of an advertising agency, was at one time managing editor of the La Mesa Scout and El Cajon Valley News.

It was during the Arkansas visit that Brown was officially proclaimed an "Arkansas Traveler" and charged with being a goodwill ambassador for Arkansas.

## Witnesses Schedule Week of Meetings

Even though Jehovah's Witnesses call on the homes of their neighbors, perhaps few throughout the Lemon Grove-Spring Valley-La Mesa area realize the activity emanating from the local Kingdom Hall at 9052 Lamar st., Spring Valley, which serves the tri-city area.

There are five weekly meetings to prepare for and look forward to, said a church official.

There is the ministry school. Right now the Witnesses are engaged in reading the Bible through from Genesis to Revelation. This study-reading course will take about three years. Giving the instruction talk at the ministry school this week will be J. V. Harris, Sr., 3640 Costabella, Lemon Grove.

Following the school is the service meeting. During this hour a number of Witnesses participate. At most meetings there are question-and-answer discussion with audience participation based on the Kingdom Ministry, an official Watchtower publication.

This week's meeting will feature a Watchtower talk: "Youths, Keep Your Integrity While at School," given by Sidney Hall of La Mesa. Sunday a public talk will be on the subject, "What Is God's View of Image Worship?" It will be given by K. A. Barwick, 3260 Kenora, Spring Valley. All meetings are free.

Following a brief intermission and climaxing the meetings for the week is "The Watchtower" study. To be studied this Sunday is the article, "Loyalty to Jehovah's Organization". It will be conducted by Edgar A. Flinn, 9424 Crest dr., Spring Valley.

## ANTIQUE TRAIN USED FOR PIERRE'S WHISTLE STOP TRIP

United States Senator Pierre Salinger will open his election campaign Saturday, with an old-fashioned whistle-stop train tour from Los Angeles to San Diego. The Santa Fe train will consist of four antique lounge cars dating back to 1910.

The Democratic incumbent will fly here Friday, immediately following the close of the Democratic National Convention in Atlantic City. He will include two major addresses — one in Pasadena and the other in San Diego — among the fourteen talks he will give along the way.

Salinger, who has been attending the Senate sessions since his appointment to fill out the unexpired term of the late Clair Engle, will then fly back to Washington. It is anticipated by the Senate leadership that the Congress will resume immediately after the Democratic Convention. The California Senator has pledged himself to the passage of a Medicare program for the aged during this session of Congress. He indicated that this issue will command top priority before the Senate in September.

A "Meet Pierre Salinger and John Dail" event will be held Saturday when Salinger's antique train arrives at San Diego's Santa Fe station at 6 p.m. Dail will be aboard and refreshments will be served. Dail is the brother of former San Diego Mayor Charles Dail.

## New Radial Tire Introduced Here

A radically new type of truck  
tire that manufacturers say de-  
livers about 50 per cent more  
mileage than conventional truck  
tires and is so "easy rolling"  
that it cuts fuel costs by ten  
per cent is being introduced in  
this area.

The performance of the new  
tire has been achieved through  
B.F. Goodrich engineering im-  
provements on the radial tire  
principle, long known to the  
tire industry but until recently  
not produced on a commercial  
scale in the United States.

"The engineering, construc-  
tion and performance of radial  
tires differs so much from con-  
ventional tires that special  
training sessions were provided  
for the sales and service peo-  
ple, Don Johns, manager of the  
local Goodrich store said. "Only  
after we had completed the re-  
quired training in the installa-  
tion, servicing and repair of the  
tires, were we permitted to sell  
and service radial truck tires."

In a radial tire, he said, the  
cords run at right angles, like  
a zebra's stripes. The cord plies  
in a conventional tire criss-cross  
at an angle of about 36 degrees  
from the tire's centerline.  
He said the radial ply con-  
struction is used in combination  
with inextensible steel cord  
belts under the tread. "The re-  
sult is a truck tire that rolls  
as easily as a hoop, yet is flex-  
ible and soft riding."

## Letters TO THE EDITOR

Squawks On Contest

Dear Editor,

A week ago a contest ended.  
This was the local "Apprecia-  
tion Day" contest. It was half  
over before I read about it in  
the newspaper. It was a few  
weeks after that that one of  
the men in charge read a list of  
participating merchants.

One store was named at  
which I shop often. I had never  
been given tickets there. When  
I asked, very often a blank  
stare was my answer. The ma-  
jority of people working there  
did not know what I was talk-  
ing about. This same store had  
a small cardboard box, with  
children's scribbling all over it  
— no sign or notice to let you  
know what it was for. There  
wasn't a pencil. Apparently  
the idea was such a nuisance  
that they didn't bother about  
it. The last week the box was  
turned over and pushed under  
the newspaper rack, making me  
wonder if the tickets in that  
box ever got to the draw-  
ings.

By the time this contest was  
over the crowd had more than  
doubled, just from the few  
times I was there. There seemed  
to be great interest and those  
to whom I spoke thought it a  
good idea. We were all disap-  
pointed that it had to stop. From  
rumors I heard, most shop-  
keepers lost interest and the  
work was left to a few. Also  
there was supposed to be ad-  
vertising.

While I'm complaining, has  
anyone besides me noticed the  
wild driving which goes on in  
every parking lot in every shop-  
ping center? One time I came  
out and found my right front  
fender smashed in. Since it  
would have cost too much to  
have it repaired, I still have  
the bashed in fender. Never did  
find out who did it.

I have witnessed many near  
accidents from drivers zooming  
across open spaces, backing into  
spaces without looking, driving  
too fast, and going the wrong  
way up one was aisles.

It seems something could be  
done about this before some-  
one is killed or badly injured by  
this carelessness.

Yours truly,  
Candy Walker

Lemon Grove.
